(c) whether Government have taken note of the default in payment by some agencies and the action taken thereafter; and

(d) the State-wise break up of AIR and Doordarshan advertising agencie* and the work undertaken by them during the last three years and default committed by them?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRI H K. L. BHAGAT); (a) Yes, Sir.

(b) So, far as Doordarshan is concerned, the demands of the advertising agencies are mainly regarding reductions in the capital base and minimum business with Doordarshan for grant of accreditation .status and amount of bank guarantee. The amount of paid-up capital has already been reduced hy 50 per cent.

So far as All India Radio is concerned, the main point raised by the Radio and TV Advertising Practitioners' Association (RAPA) is that the new policy of accreditation for advertising agencies would wipe out small agencies. This contention of the Association is not correct as under the new regulations the earlier differential rate, of commission has been dispensed with to the advantage of small agencie?. Now both the accreditated and non-accreditated agencies are entitled to a 15 per cent commission.

(c) The default in payment by the agencies is constantly and closely monitored. Action against the defaulters is taken as provided for in the rules (i) interest @ 18 per cent per annum is charged on al] payments received late; (ii) in case of non-payment of long priods, the credit facility is withdrawn and bookings are not accepted till all payments are cleared. The bank guarantee can also be encashed, if necessary. As a last *resort* legal proceedings are initiated for recovering Government dues.
